Press Release

WOODY WAGOON™ ENHANCES YOUR JEEP CHEROKEE AND LAREDO

Woody Wagon's™ new Jeep Cherokee "Woody" Kit recalls those great "wood" Wagoneers of the past that kicked off the S.U.V. movement. The timeless design and long history of woodies as the rugged work-horse changed to include luxury appointments and comfort when Jeep introduced the Grand Wagoneer.

Our "Woody" kit projects the same image while being even more exclusive than the original. The simulated "Marine Teak" panels are surrounded by our raised, quarter-round "Santa Rosa Oak" trim produces a true three-dimensional effect-just like the original Woodys. The combination of high-quality vinyl panels and extruded trim is beautiful, and maintenance-free.!

The Woody Wagon™ Jeep Cherokee "Woody" Kit is designed for the home installer, or can be installed by your local body shop. All components are pre-formed, labeled, and detailed, photo-illustrated instructions are provided. Also, tech help from our professional installers is just a phone call away - whether a first-time installer or a savvy professional.

All the materials provided are OEM-approved and manufactured in North America at ISO 9001 facilities. The use of high-quality materials permits Woody Wagon™ to offer a 3-year warranty against defects in workmanship and materials.

All kits are shipped ready-to-install. The detailed instructions are designed for the first-time installer and make the installation trouble-free. Even if you need a hand, tech help from Woody Wagon's professional installers is just a phone call away. Hundreds of home enthusiasts-even an 80-year-old grandmother, have installed our kits! Call today for the location of your local retailer or installer, or to order direct.
