Press Release

PT WOODY™ DELIVERS A NEW DIMENSION OF STYLING KITS - “RETRO-TECH”

PT Woody™ is proud to announce our new series of “Molded Graphic” Kits! We combine high-resolution vinyl graphics with our exclusive quarter-round moldings to produce a spectacular custom design that is either retro or hi-tech, depending on the vinyl chosen. PT Woody’s™ traditional “Woody” look is joined by the technical look of simulated Carbon Fiber, and the spectacular appearance of the seven different color-shifting flip-flop materials. These fantastic materials change color as your view of the vehicle changes! The raised quarter-round moldings are color coordinated and size matched to the vinyl for an impressive 3 dimensional effect.

The PT Woody™ “Molded Graphic” Kits are designed to be installed at home by the do-it-yourself enthusiast, or they can be installed by your local body shop or installer. All components are pre-formed, labeled, and detailed photo-illustrated instructions are provided. Also, tech help from PT Woody’s professional installers is just a phone call away. Call today for the location of your local retailer or installer, or to order direct.

All the materials provided are OEM-approved and manufactured in North America at ISO 9001 facilities. The use of high-quality materials permits PT Woody™ to offer a 3-year warranty against defects in workmanship and materials.
