Press Release

YOUR VW BEETLE'S TRIM WILL NEVER BE THE SAME - THANKS TO WOODY WAGOON™!

Peoples eyes will "bug " out when they see the custom VW Beetle kits offered by Woody Wagoon™!

Our chrome extruded wheel-well trim Kit accents the natural roundness of the new Beetle while it highlights your wheels. This look is a classic styling treatment that looks great on this retro classic. Manufactured from ISO 9001 approved materials they install using an application-specific 3-M attachment system (adhesive backing). Hidden stainless steel screws also install through the bottom of the plastic fenders to prevent rust and insure proper attachment.

Our detailed instructions and step by step photos make the installation easy for anyone.

The VW Woody Wagoon™ Chrome Beltline Kit by Woody Wagoon™ ads a chrome accent to the timeless design of the new Beetle. It encircles the top just below the windows, and follows the lower edge of the hood to promote the natural flow of this retro-styled classic. If you see the photos of the new Beetle convertible, you'll notice this same beltline trim. Optional molding that surrounds the trunk lid and mimics the hood trim is included, so you have a choice for the final design. This look goes well with our chrome fascia, wheel well, and rocker panel chrome trim kits.

Manufactured to ISO9001 standards, the quality materials and application-specific 3M attachment system (adhesive backing) provide a distinctive appearance that you will enjoy for as long as you own your car.

Our detailed instructions (with photos) and easy to install moldings makes installation an easy project.

The Chrome Fascia Trim Kit creates a distinctive grill and highlights the detail work on the lower front and rear fascias. Manufactured from ISO9001 approved materials, they install using an application-specific 3M attachment system (adhesive backing). Our detailed instructions (with photos) and easy application process make the installation easy for even the first time installer. Even if you need a hand, tech help from Woody Wagoon's professional installers is just a phone call away - whether a first-time installer or a savvy professional. Call today for the location of your local retailer or installer, or to order direct.
